PROFESSIONAL SUMMARY

Entry-level Java Full Stack Developer with hands-on experience building and deploying end-to-end web applications. Proficient in Spring Boot, Hibernate, React.js, REST APIs, and MySQL. Strong understanding of MVC architecture, Git, and cloud deployment (Railway & Netlify). Proven problem-solving skills with 200+ LeetCode solutions, eager to contribute to a production-driven team.

EDUCATION

Bachelor of Engineering (B.E.) – Mechanical Engineering, S.A. Engineering College 2021-2025

CGPA: 7.28

TECHNICAL SKILLS

LANGUAGES: Core Java, JavaScript, SQL

FRONTEND: React.js, HTML, CSS, JSP

BACKEND: JDBC, Hibernate, Servlets, Spring, Spring Boot, Microservices

DATABASE: MySQL, SQL*Plus

TOOLS & PLATFORMS: Maven, Postman, GitHub, Eclipse, VS Code, Netlify

CONCEPTS: Object-Oriented Programming (OOP), Exception Handling, Collections Framework, MVC Architecture, RESTful APIs

PROJECTS

Taste Good - Full Stack Food Ordering Application (React.js, Spring Boot, MySQL) taste-cool.netlify.app
Architected a layered **Spring Boot** backend (Controller, Service, Repository, DTO) exposing 12+ RESTful APIs with global exception handling for secure, consistent responses. Built a dynamic **React.js** frontend using reusable components and modern hooks for seamless routing and real-time state management. Deployed the full-stack application to production using **Railway, Netlify, and MySQL (Clever Cloud)**.

Bus Reservation System (Servlet, JSP, MySQL) midhun-10.github.io/BusReservationSystem
Implemented real-time seat availability, booking, and cancellation for 2 routes and 20 seats using **Java Servlets** and **Hibernate ORM** for backend processing and database operations. Designed a normalized **MySQL schema** across booking, route, and passenger tables with referential integrity. Developed a responsive **JSP and CSS** frontend for seamless user interaction.

Nalam Construction - Corporate Website (HTML, CSS, JavaScript) midhun-10.github.io/Nalam-Construction
Developed a fully responsive static corporate website using CSS Flexbox and Grid for mobile-friendly layout, version-controlled with Git and hosted on GitHub Pages.

INTERNSHIP EXPERIENCE

Testing Intern — Bureau of Indian Standards (BIS), Chennai Jan 2025 – Mar 2025

Executed standardized product testing aligned with **BIS certification protocols**, maintaining calibration logs and detailed test documentation. Collaborated with cross-functional **QA teams** to streamline reporting and certification workflows. Ensured full compliance with national quality standards.

CERTIFICATIONS & ACHIEVEMENTS

Full Stack Development: Comprehensive enterprise Java training covering Spring Boot, Hibernate, React.js, MySQL, and REST APIs

LeetCode – 200+ Problems: Data Structures & Algorithms: Arrays, Strings, Two-Pointer techniques, and Java Collections Framework.

GitHub Open-Source: Multiple deployed full-stack projects publicly hosted with complete source code and live production demos
